Summary

I am a student at the Symbiosis Institute Of Computer Studies and Research,Pune (SIU), pursuing a Bachelor's degree in Computer Application (BCA). My main focus is on computer programming, and I have a deep passion for it. I am eager to expand my knowledge and skills by exploring new opportunities and engaging in projects that allow me to apply what I have learned during my time at university.

Education

- **Bachelor of computer applications - Symbiosis Institute of Computer Studies and Research** Sep 2021 - Present
Grades(GPA):
Sem 1 - 7.93 Sem 2 - 7.52
Sem 3 - 8.58 Sem 4 - 8.68
- **H.S.C - Shree Swaminarayan Academy** Mar 2020 – Apr 2021
Grade: 84.6 %
- **S.S.C - Shree Swaminarayan Academy** Apr 2018 – Mar 2019
Grade: 81.6 %

Projects

- **Sangeet - Music Player** Mar 2023
The project is a music player app(Sangeet) developed by a group of two members using Android Studio, The app uses Firebase authentication to allow users to create an account and sign in to the app. Once a user is signed in, they can access their music library. Also, User can reset password incase they forgot password.
- **EatStreet – Food Delivery App** Feb 2023 - Mar 2023
The project is a food delivery app(EatStreet) developed by a group of three members using React Native for cross-platform mobile development. The app incorporates authentication and database functionality through AWS Amplify, providing secure user authentication and efficient data management for seamless food ordering and delivery experiences.
- **Service Learning** Jan 2023 - Mar 2023
I actively participated and completed a total of 120 hours, including 40 hours of field work and 80 hours of Green Campus Program. I collaborated with ExploreIT NGO and Adar Poonawala Green City, engaging in impactful projects that aimed to address societal and environmental challenges.
- **4 Seaons - Tourism Website** Sep 2022
The project is a tourism website developed using Python and Django framework and hosted on Firebase. The website aims to provide information about domestic and international travel destinations to users. Additionally, it includes a form that allows customers to request specific details about the trip and they will get the confirmation on the email.
